Of the still available sum of		
7,595,890.76 RM, an amount of	254,223.00	
has been deposited in the pre-		
viously mentioned account No.		
1020 for repayment of erroneously		
deposited sums,		
and proceeds from sales under		
Order No. 111 are set down, con-		
cerning which a special total		
statement was prepared of	<u>634,466.54</u>	<u>888,689.54</u>

Consequently now available are: 6,707 201.22 RM

As a result of the uncertainty of the property relationships, metals of the Allgemeine Elektrizitäts-Gesellschaft (AEG) in Berlin-Grünwald, to the value of 159,255.95 RM, and of the Akkumulatoren-Fabrik Aktiengesellschaft in Berlin SW 61, to the value of 214,628.52 RM, were listed as property of Rogas, were sold, and the proceeds were deposited during the period from January 1946 to 1 April 1947 to the "Income from Expropriated Property" account. These firms have established their ownership of these quantities of metal and demand therefore payments of equivalent value. In the distribution of the balances on 31-12-46 and on 31-5-47 the proceeds from the sales of Rogas property were entered as unclaimed property and national property. Since a decision has already been made on the income from sales made up to 31 December 1946, I request payment of the previously-stated amounts of 159,255.95 RM and 214,628.52 RM to the firms be approved from the currently available amounts and from the income to be received in the future from the expropriated property.

Moreover, a repayment of paid-up insurance for movable property is necessary in individual cases. Since a decision has already been made regarding the sales of these amounts deposited to Account No. 1020, I request approval for whatever repayment become necessary principally from the future income to be received from the expropriated property, so that I can carry out any necessary repayments of such amounts in general without specially obtaining your permission in each individual case.
